LAW FROM THE NORTH.

We have received Northern papers of the 5th inst. Two reports, one from Pope's headquarters and one from Washington, says that Richmond is evacuated. One says on account of a pestilence which has broken out, and the other, that the troops have been sent to the Southland. A large war meeting was held in New York on Monday night, which was addressed by Gen. Sickles. Only four men volunteered, and the gallant General, according to the New York papers, "embraced them as they stepped on the platform." The steamer George Weems, on her trip from Baltimore to St. Mary's county, Md., on the 3d, was stopped at Fort McHenry and searched. Some contraband goods and 102 letters, un stamped, being found on her, all the passengers were taken to the guard house. The steamer Mary Washington, of the same line, was boarded and 108 un stamped letters found on her. Her passengers were also arrested. Among the passengers arrested on her were Lewis Wagner, of Richmond, James Graves, of Virginia, and Major Abraham Barnes, inspector at the Baltimore Custom-House. The inevitable drafting order has at last fallen on the North. The following is the document:

WAR DEPARTMENT,

Washington, Aug. 4, 1862.

Order, First.—That a draft of three hundred thousand militia be immediately called into the service, to serve for nine months, unless sooner discharged. The Secretary of War will assign the quota to the States, and establish regulations for the draft.

Second.—That if any State shall not by the 15th of August furnish its quota of the additional three hundred thousand volunteers authorized by law, the deficiency of volunteers in that State will also be made up by special draft from the militia. The Secretary of War will establish regulations for this purpose.

Third.—Regulations will be prepared by the War Department, and presented to the President, with the object of securing the promotion of officers of the army and volunteers for meritorious and distinguished services, and of preventing the nomination and appointment in the military service of incompetent or unworthy officers. The regulations will also provide for ridding the service of such incompetent persons as now hold commissions.

By order of the President.

EDWIN M. STANTON,

Secretary of War.

THE "IMPRESSIBLE CONFLICT" IN NEW YORK—RIOT BETWEEN WHITES AND BLACKS. In Brooklyn, N. Y., on the 4th inst., a serious riot occurred between a number of Irish laborers and the negro workmen in tobacco factories. The negroes had been very insolent for several days. The negroes assumed the first practical shape. On the afternoon of that day one of the negroes employed in Lorillard's tobacco factory was standing in the doorway of Gray's liquor store, on the opposite corner of the street, when a white man, who wanted to pass in, asked him quietly to get out of the way. The negro said he would not, as he had as good a right there as "any other man." The white man again asked the negro to step one side, which the latter gruffly refused to do, upon which the former kicked him out of his way. On seeing this, another colored man ran across from Lorillard's with a knife in his hand to stab the white man, but was prevented from doing any injury by a policeman who came up. This ended the difficulty on Saturday.

Yesterday morning a delegation of white men went into Mr. Lorillard's factory and insisted that negroes should not be allowed to work there. Mr. Lorillard said he would comply with the request, and stopped his colored laborers from working. About one o'clock in the afternoon over a thousand white laborers, women and children, assembled in front of Mr. Watson's factory, armed with clubs, brick bats, stones, and other missiles, and commenced a headlong assault on the windows. Several policemen had been previously secreted in the building to protect the negro workmen in case of the threatened attack. As soon, therefore, as the rioters entered the door, they endeavored to rush up to the second story, where the negroes were. Here they were met by the policemen, who succeeded in preventing their ascent. One of the assailants then set fire to a pail of tar on the first floor, and in an instant all the wooden work about that part of the building was in flames. The fire was, however, speedily checked by the police before much damage was done. Finally, while a few policemen were holding the rioters at bay, a large reinforcement arrived from 43d, 43d, 44th and 50th precincts, and those in the building were ejected, when a general row occurred between them and the police. A negro attacked officer John Donnelly, of the 43d precinct, thinking he was going to arrest him, and inflicted a serious wound on his head with the side of a box. Sergeant Wright got badly cut during the melee in the shoulder with a pitchfork.

At this juncture a voice came out, "Boys, set the bloody building on fire and burn the damn negroes." This was received with the wildest shouts of approval by the crowd.

BY TELEGRAPH.

Robert McCook Shot, &c.

Richmond, Aug. 11.

Gen. Robert McCook, of Buell's army, was shot on the 1st inst. while riding in an ambulance, near Salem, Alabama, by a party of Guerrillas, and instantly killed. His remains have reached Nashville.

NOT ANTICIPATED IN WASHINGTON—ARRESTS FOR DISLOYALTY—ARRIVAL OF CONTRABANDS.

Dispatches from Washington, dated August 4th, give the following news from the Federal Capitol:

The Star, of to-day, says: We are informed that the negroes of this city are organizing secret associations for the purpose of protecting themselves, in anticipation of a riot and mob by the laboring classes of whites similar to those which lately occurred in New Albany, Indiana, Cincinnati, Ohio, and other places. It is also alleged that a number of clerks in the Government employ are aiding the negroes in perfecting their organization. Our informant is a colored man of this city.

Arrests are frequently made in Washington of offensive disloyalists. Dr. Camp, a dentist, was arrested last night for boisterous treason language, and boasting of having communication with Richmond. His effects were searched, and, among other things, a letter from General Beauregard was found. Camp is an old offender, having been arrested some two weeks since on his return from Richmond. He was released through the mediation of the French Minister, since which time he has been comparatively quiet. Recent movements on his part made him an object of suspicion, and last night he was arrested. He was sent to the Old Capitol prison.

Rev. D. D. Broadus, a minister of Fredericksburg, was arrested there last week, and brought to the city and committed to Old Capitol. It is understood that he is held as a hostage for the return of several Union citizens of Fredericksburg, held as prisoners by the Confederates.

Rev. T. N. Conrad, who has recently been preaching for the Southern Methodist church, has been arrested by the Provost Marshal and sent to the Old Capitol prison.

The steamship *Golden Gate* which left San Francisco on the 21st July, for Panama, with two hundred and thirty passengers, and \$1,114,000, for New York, and \$270,000, for England, was burnt at sea on July 28th. One hundred and eighty passengers and the treasure were all lost.

The disaster has caused great sensation in Wall-street.

REBELLING—From Europe.

CAIRO, Aug. 7.

A skirmish took place yesterday near Point Pleasant, Mo., between some citizens and State Troops, in which several were killed on both sides.

The citizens had formed themselves together to resist the Enrollment Act, and the troops were sent from New Madrid to enforce the law.

The Arabia, with Liverpool dates of the 27th bringing one weeks later news, has arrived.

Nothing new by this arrival.

From New Orleans.

Mobile, Aug. 12.

A special Dispatch to the *Advertiser & Register*, dated Jackson, 10th inst., says the New Orleans Delta of the 7th inst. has been received.

Butler levies a Tax on the Corporation and individuals amounting in \$312,716.25 cents, to be applied to the support of the poor of New Orleans.

Also, a tax of \$29,300 on cotton brokers, for the same object.

The boat from Acqua creek has brought up over one hundred contrabands, who are principally from Caroline county, Va. Many of them have been away from their homes for a considerable time. They went to the creek on Saturday last, and arrived there they were at once directed to the contraband quarters. Among them are persons of all ages, sexes and sizes, including a sprinkling of infants barely a week old. The women, for the most part, lugged the children Indian fashion, and the men bore on their shoulders immense bundles of baggage.
